Subject: Glacier Northwest, Inc. / Northwest Aggregates Co.  
Sand and Gravel General Permit Coverage  
Facility/Permit Summary by Region

Dear Donna and Jason:

With the recent issuance of the new Sand and Gravel General Permit and Ecology's recent request for concrete production information for the purpose of fee calculation, I thought it would be helpful to summarize the various facilities for which I have General Permit "contact person" responsibilities. I hope this information is helpful to you; you will notice that I have copied Shirley Rollins who has been very helpful in my efforts to update Glacier's records at Ecology's Water Quality billing office in Olympia.

Northwest Regional Office Facilities

Facility	Permit No.	Company	Operations
Duwamish Plant	WAG-50-3191	Glacier Northwest, Inc.	R.M.
Kenmore Plant	WAG-50-3205	Glacier Northwest, Inc.	R.M.
Everett Plant	WAG-50-3206	Glacier Northwest, Inc.	R.M.
West Marginal Plant	WAG-50-3347	Glacier Northwest, Inc.	Inactive
Vashon Sand & Gravel	WAG-50-3034	Glacier Northwest, Inc.	R.M. / S&G
Concrete Pit	WAG-50-3187	Glacier Northwest, Inc.	Inactive
Snoqualmie Sand & Gravel	WAG-50-3184	Northwest Aggregates Co.	R.M. / S&G / H.R.
Maury Island Pit	WAG-50-3178	Northwest Aggregates Co.	S&G

Note: R.M. = Ready Mix Concrete; S&G = Sand & Gravel; H.R. = Hard Rock Products

**1316336**

### Southwest Regional Office Facilities

Yelm Plant	WAG-50-1184	Glacier Northwest, Inc.	R.M.
Pioneer Aggregates	WAG-50-1178	Glacier Northwest, Inc.	S&G
Tumwater Plant	WAG-50-1199	Glacier Northwest, Inc.	R.M.
Mats Mats Quarry	WAG-50-1286	Glacier Northwest, Inc.	H.R.
Taylor Way Plant	WAG-50-1292	Glacier Northwest, Inc.	R.M.
Dupont Concrete	WAG-50-1406	Glacier Northwest, Inc.	R.M.
White River Aggregates	WAG-50-1407	Northwest Aggregates Co.	H.R.

Note: R.M. = Ready Mix Concrete; S&G = Sand & Gravel; H.R. = Hard Rock Products

In both of your regions, we operate facilities under Glacier Northwest, Inc. and Northwest Aggregates Co. Northwest Aggregates is a wholly-owned subsidiary of Glacier. In the Northwest Region, we have two inactive facilities for which we maintain General Permit coverage (West Marginal Plant and Concrete Pit). Also in the Northwest Region, we maintain General Permit coverage for our Kenmore Plant although all water managed at the site is treated and discharged under King County Metro Industrial Waste Discharge Permit No. 7740-01.

Please contact me at my office (206) 768-7612 or on my cellular telephone (206) 909-3821 if you have any questions about this information. I can also be reached at [npettit@glaciernw.com](mailto:npettit@glaciernw.com).

Thank you for your assistance in administering these various permits.

Sincerely,

Edward M. "Ned" Pettit  
Environmental Manager - Washington Division
